Dear Sir:

This Renewed Petition is being filed in view of the decision mailed by the Patent and Trademark Office on March 5, 2007.

In the decision of March 5, 2007, the legal examiner faulted the filing of May 5, 2006 in two respects. First, with regard to requirement (2), the legal examiner indicated that no statement was made of searching both the file jacket and docket records to show that the Office Action was not received. While the legal examiner appears to have overlooked the concluding sentence, namely "The undersigned can unequivocally confirm lack of receipt", to fulfill this requirement, the undersigned states for the Patent and Trademark Office that a search of both the file of this office and the docket records indicates that the Office Action was not received.

Regarding requirement (3), perhaps the legal examiner misunderstood what was provided to the Patent and Trademark Office. The attachments to the Petition received September 9, 2003 were all docket records of the firm of the undersigned having deadlines of September 22, 2005. While a "tickler sheet" could have been generated if that "tickler sheet" were prepared prior to September 22, 2005, the docket system of the firm of the undersigned does not allow an *ex parte facto* generation of any such sheet. Thus, instead although equivalently, the records submitted to the Patent and Trademark Office contain all docket entries of the firm of the undersigned having PTO action dates (that is, mailing dates by the PTO) of July 22, 2005. Had the Notice of Missing Requirements of July 22, 2005 for this
